

Ms. Amanda's Agenda

February 16th - 27th, 2026

Truth and Accountability

In our upcoming counseling lessons, students will be learning about accountability and what it means to take responsibility for their actions. We will focus on self-awareness, self-management, and understanding how our choices impact others.

Students will explore honesty, telling the truth, and the importance of integrity—even when it feels difficult. We will also discuss how taking accountability helps us learn from mistakes, overcome challenges, resolve conflict, and set healthy boundaries.

Our goal is to help students build resilience, confidence, and strong character. You can support this learning at home by encouraging honest conversations and reinforcing that taking responsibility is a sign of growth.

Thank you for your continued support.

Ms. Amanda
