BUILDING BRIGHT FUTURES THROUGH STEAM LEARNING

LEGO ROBOTICS AFTER SCHOOL CLASSES

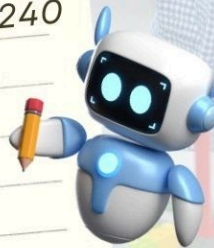

Grades K-5 | Hands-On STEAM Learning
Fun! Build and code real robots using
LEGO® Education kits! Each class
includes hands-on building, motors and
sensors, and easy block coding. No
experience needed. Students progress at
their own pace with multiple kit levels. 6-
week sessions · 1 hr 20 min per class
**No experience necessary and no
prerequisite** – you do not have to take
Session 1 to join Session 2!

@Kiker

WEDNESDAYS | 3:10-4:30 PM | \$240
